#### CENTERS OF EXCELLENCE EDUCATION IMPROVEMENT ACT OF 1984

### REQUEST FOR PROPOSALS

FISCAL YEAR

2008-092007-08

Focus on

Mathematics and

Science

Administered by: S.C. Commission on Higher Education 1333 Main Street, Suite 200 Columbia, SC 29201

Intent to Submit Form Due: January 18, 200815, 2007

Proposal Deadline: February 15, 20082007

Review Panel Meeting: March 7, 20082007

For further information please contact:
Dr. Paula Gregg
Phone: 803-737-2246

FAX: 803-737-2297 E-mail: pgregg@che.sc.gov

#### GUIDELINES FOR SUBMISSION OF PROPOSALS CENTERS OF EXCELLENCE EDUCATION IMPROVEMENT ACT OF 1984

2008-09<del>2007-08</del> FISCAL YEAR

#### PURPOSE OF THE CENTERS OF EXCELLENCE PROGRAM

The purpose of this competitive grant program is to enable eligible institutions, or groupings of such institutions, to serve as "state-of-the-art" resource centers for South Carolina in a specific area related to the improvement of teacher education. Teacher education encompasses both in-service and pre-service training. These "resource centers" develop and model state-of-the-art teaching practices, conduct research, disseminate information, and provide training for K-12 and higher education personnel in the Center's specific area of expertise. Research has shown that the single greatest factor influencing student achievement is teacher quality. In order for the state to attain its education goals, we must ensure that all students have access to highly qualified teachers and educational programs. Towards this goal, the new focus of the Centers of Excellence Program will concentrate on assisting low-performing schools and districts. The Commission envisions the Center to be a university-wide effort. Typical activities include:

- developing and modeling state-of-the-art pre-service preparation programs for other institutions of higher education to emulate that focus on increasing the number of teachers appropriately prepared to work effectively with students in low-performing schools and with diverse needs;
- developing innovative school-based projects to enhance student and teacher achievement at lowperforming schools;
- conducting statewide school-based and campus-based faculty development activities related to State content and assessment standards;
- conducting research and evaluation activities related to teacher quality and student achievement;
- serving as a state (and/or regional and national) clearinghouse for information dissemination on center activities;
- providing demonstration, outreach, and technical assistance programs for low performing schools and districts and institutions of higher education as requested.

#### **ELIGIBLE INSTITUTIONS**

Any public or private college/university in the State authorized by the State Board of Education to offer one or more degree programs at graduate or undergraduate levels for the preparation of teachers is eligible to apply. To assist in the outreach to the State's low-performing schools, the Center should engage faculty and students from across the university. Although collaborative proposals involving more than one institution are welcome, one institution must be designated as the fiscal agent.

Institutions which currently receive State funding for a Center of Excellence may apply for a second Center. However, **State funding is limited to a maximum of two Centers for each institution.** There is no required period of absence of funding upon completion of State funding for an existing Center prior to submission of a proposal for a new Center of Excellence. Institutions that do not comply with the Commission's programmatic and budgetary reporting requirements are not eligible to submit a proposal for the year following the non-compliance.

Institutions interested in submitting a proposal for FY <u>2008-092007-08</u> should submit an "Intent to Submit Proposal" form due at the Commission on or before <u>January 18, 200815, 2007</u>. This in no way commits the institution but assists staff in preparation for the review process. The form is attached on page 22.

#### CHARACTERISTICS OF A CENTER OF EXCELLENCE

#### 1. Purpose

A Center must focus on the development and modeling of state-of-the-art teacher training programs (inservice and pre-service) at the host institution as well as serve as a catalyst for changing teacher training programs at other institutions of higher education which prepare and support teachers. Centers should enhance the institution's professional development programs as an integral part of its mission and focus services on low-performing schools as identified under the Education Accountability Act's annual report cards for 20062005. Target schools and districts are those that have an EAA absolute rating of average or lower and a poverty index of > 25%. A list of these schools can be found at <a href="http://www.che.sc.gov/AcademicAffairs/CentExc/CentersofEX schools&Districts 1.pdf">http://www.che.sc.gov/AcademicAffairs/CentExc/CentersofEX schools&Districts 1.pdf</a>. (or <a href="http://ed.sc.gov/topics/researchandstats/schoolreportcard/2006/data/">http://ed.sc.gov/topics/researchandstats/schoolreportcard/2006/data/</a>) The goal of the program is to increase higher education's involvement in working more closely with low-performing schools through professional development, teacher education programs, and other units within the institution. State-of-the-art practices include but are not limited to:

- innovative practices that enable school personnel to improve student achievement;
- effective, sustained, high quality professional development;
- collaboration with major education stakeholders, including local school districts and schools, other higher education institutions and Centers of Excellence, professional associations, parent groups, and the private sector;
- field-based teacher education programs, including professional development schools;
- technology-based instructional techniques;
- innovative practices for teaching children with diverse backgrounds and diverse learning styles;
- assistance to teachers in understanding state content and assessment standards and how to help all students meet or exceed these standards.

The Center's activities must directly support one or more existing educational programs at the institution. There should be clearly defined benefits for both K-12 and higher education in the State and these should be directly linked to the training of high quality teachers and raising student academic achievement. The Center should demonstrate how the activities will support the improvement of low-performing school partners and be tied to State content and assessment standards.

#### 2. Achievement of Excellence

A proposed Center must demonstrate a substantial likelihood of achieving success with its K-12 partners and developing a reputation for statewide excellence within the five-year State funding period. Annual measurable benchmarks for evaluating progress toward the stated goals must be included in the proposal, as well as a list of specific achievements to be realized.

#### 3. Institutional Commitment

A Center must be funded in part by the institution to demonstrate its commitment to the proposed Center's goals and objectives and its commitment to working with low-performing K-12 schools and districts. The proposal must demonstrate a match of institutional/external support. Support can be in-kind, release time, financial commitment, change to academic programs, or inclusion of the project in the institution's service learning program, among others. Matching funds from district partners are strongly encouraged.

#### 4. Collaboration with Related Centers, State Department of Education Initiatives, or Major Education Stakeholders

A Center **must** design its programs and activities as follows:

- in collaboration with a low-performing school(s) and/or district(s) that will be the target of its activities;
- in collaboration with other Centers of Excellence and/or Teacher Recruitment Centers in all appropriate related activities;
- in collaboration with all parties that are affected by the Center's programs, including other
  institutions of higher education, other local school districts, professional associations, parents,
  and the private sector; and
- be consistent with ongoing related curriculum, assessment, teacher preparation, or professional development activities at the South Carolina State Department of Education, The Educational Accountability Act of 1998, Teacher Quality Act of 2000, and the State's NCATE partnership.

#### **FUNDING**

Commission funding (\$135,000-\$150,000 per year) is to be matched by institutional and/or external funding allotments. EIA funding for a Center is for five years, contingent on the availability of funds and annual reviews and attendance of director at required meetings as well as submission of required accountability and budgetary information by designated deadlines. Each fiscal year of the grant period begins August 1 and ends AugustJuly 31. Upon completion of each year, an annual program evaluation with financial report is required to be submitted to the Commission for review prior to release of the next-year funds. Funding is contingent upon approval of funds by the General Assembly.

The Commission seeks to support programs that will significantly impact K-16 education and therefore require substantial levels of funding. It also seeks assurance of the long-term stability of programs to maximize the impact on K-16 education. The proposal must demonstrate a match of institutional/external support. Funding for a center will occur on the following funding scale:

YEAR 1	YEAR 2	YEAR 3 - 5
100% Commission funding +	90% of Year 1 Commission	75% of Year 1 Commission
Institutional/External funding	Funding + Institutional/External	Funding + Institutional/External
_	funding	funding

There is no set percentage amount for the match; however, the center should ensure that matching funds are at a level sufficient to lead to success of activities and strategies. Support from other sources is required and is a factor in determining selection of proposals for funding.

#### PRIORITIES FOR FUNDING

Proposals must address the discipline area listed in #1 below. All proposals must focus activities on a low-performing school(s) or district(s) as defined by the Education Accountability Act's Report Card ratings (<a href="http://che.sc.gov/New\_Web/ForInstitutions/TeacherEdGrants.htm">http://che.sc.gov/New\_Web/ForInstitutions/TeacherEdGrants.htm</a>). The priorities listed below address the needs identified by the Education Oversight Committee and reflect the focus of EOC activities for FY <a href="https://example.gov/2007-08">2008-09/2007-08</a> which on will be increasing PACT scores in ELA, mathematics and science, and social studies at the middle school level and improving the high school graduation rate.

- 1. The Education Oversight Committee has specifically requested that proposals focus on:
  - developing innovative training programs in <u>mathematics and sciencethe four major content areas</u> (ELA, Mathematics, Science, Social Studies) that will improve instruction and achievement at <u>all grade levels</u> the middle school level in low performing schools. Such training programs should be focused on <u>helping child and adolescent development as it relates to content knowledge required on PACT by providing teachers improve their skills in mathematics and science and motivate with experiences that help them work more effectively with middle school students to pursue opportunities in mathematics and science. Teacher education and arts and sciences should be included in providing services to the low-performing schools.</u>
- 2. Priority will be given to proposals that demonstrate the institution's commitment to model as well as develop state-of-the-art programs evidenced by a commitment to change ongoing academic programs at the institution as a result of the Center's work.
- 3. Priority will be given to proposals that demonstrate a commitment to a professional development program focused on the Center's area of expertise and aligned with South Carolina Professional Development Standards (<a href="http://www.scteachers.org/educate/edpdf/rules/pdpolicy.pdf">http://www.scteachers.org/educate/edpdf/rules/pdpolicy.pdf</a>).
- 4. Priority will be given to proposals in which representatives from the targeted low performing school(s) or district(s) are involved in the development of the collaborative effort. Involving other higher education institutions, the private sector, other schools and/or districts, and members of the community will enhance the proposal's competitiveness for funding. The proposal narrative must describe the collaboration and the previous planning activities between the institution and the major education stakeholders. A discussion of the clearly defined roles of all of the project's partners (K-16) must be included.
- 5. Priority will be given to proposals which have a clear evaluation and assessment protocol with leading indicators of progress, which would facilitate dissemination and replication of successful strategies, programs, or incentives and show student improvement at the middle school level.
- 6. Priority will also be given to proposals that draw upon the higher education institution's demonstrated strength and experience in relevant program areas. This experience can be demonstrated through a **brief** description of such evidence as:
  - Quality of faculty as indicated by publications, presentations, K-12 service, consultations, and other experience;
  - Institutional support for the program as indicated by letters of support from central administration, deans, and department heads; budget, faculty time, facilities, and equipment allocations; special programmatic initiatives, etc.;
  - Previous collaborative efforts with major education stakeholders in related program areas;
  - Demonstrated ability to offer high-quality professional development for K-12 school personnel. If professional development courses are to be offered, they should meet the

Commission's *Guidelines for Graduate Courses Offered for Professional Development of School Personnel* (http://www.che.sc.gov/New Web/ForInstitutions/AcadPolicy.htm ).

- 7. Finally, priority will be based on the likelihood that the program, if funded, will have a lasting impact on education at the school, district, and eventually the State.
- 8. Each proposal will be reviewed by <u>a review panel consisting of an external reviewer and member of higher education and PK-12 institutions, and other education state agencies. The project director, institutional administration, and other members of the partnership are expected to present the proposal to the review panel and answer questions from the panel on March 7, 20082007.</u>

#### PROPOSAL DEVELOPMENT

In addition to other data that the proposing institution deems relevant, proposals should include information organized according to the following sections (forms are included in **Appendix 1**):

- 1. **Title Page** (form provided)
- 2. **Abstract** to include (limit one page single-spaced; **required**):
  - purpose of the project
  - activities to be implemented
  - · target population to be served
  - · expected outcomes
  - school and/or district partners
- 3. **Narrative** The narrative of the proposal, not to exceed 30 double-spaced pages, must provide detailed information about the proposed Center and include, at minimum, the following information:
  - a. **The Center's Purpose/Focus**: Describe the Center's area of focus and how the Center will benefit both the institution and the targeted K-12 school/district. This section must include evidence of the demonstrated need to be addressed.
  - b. Plan for Achievement: Include a detailed description of the activities to be implemented and how these will meet the Center's goals and objectives. Discussion of how these activities will meet the needs of teacher education and student achievement must be included. Discuss how the proposed plan to be implemented includes sufficient effective approaches to address objectives. In addition, the plan must include well-defined, measurable benchmarks of expected progress at the end of each of the five years and should address the following goals:
    - (1) \_\_Developing and modeling exemplary teacher training programs that (i) are collaborative, (ii) field-based, (iii) use state-of-the-art technology, and (iv) use proven strategies.
    - (2) Developing an influential constituency for the Center composed of stakeholders who will work with the Center and support the Center over the period of funding;
    - (3) \_\_Achieving a position of leadership in the State within five years such that the Center is a state resource in its area of expertise;
    - (4) Developing a **detailed** research agenda that will enable higher education faculty and K-12 personnel statewide to improve classroom effectiveness and student achievement. Specifically, the plan should provide examples of ongoing research questions that will

be examined as a function of the Center's activities, how the research will be implemented, and how the research findings will be used to improve academic programs (pre-service and in-service).

- c. **Evaluation Plan**: Cite specific evaluation measures that will be used annually to assess the effectiveness of the Center in accomplishing the **Plan for Achievement**. The evaluation plan must address program objectives, performance indicators, benchmarks to monitor progress toward goals, and outcome measures to assess the effect of the activities on participants and on student achievement. The proposal must identify an external evaluator for the program. The plan should include:
  - the types of data to be collected:
  - when data will be collected;
  - methods and procedures used for collecting data;
  - means of analyzing the data;
  - how information from the data will be used to monitor success, make changes in program design, if necessary, and
  - provide accountability information about the project's success,
  - vitae of the external evaluator.
- d. **Institutional Strengths**: Cite accomplishments of existing academic, research, or professional development programs to demonstrate a likelihood of the Center's achieving success within a reasonable period of time. Evidence must be provided to justify the Center's suitability to the institution, in terms of either the institution's mix of related academic/research/professional development programs or the presence of advantageous institutional or community resources. Present evidence concerning previous institutional collaboration with the K-12 community and other education stakeholders, especially as it relates to low performing schools or addressing student achievement.
- e. **Center Staffing**: State who the Center director will be, summarize his/her qualifications, and stipulate the director's time commitment to Center activities (typically .5 to 1.0 FTE). Also describe other faculty and/or support staff, teachers, and administrators involved in the Center's program and their projected time commitment to the Center. Abbreviated vita (2 pages) for the director and any other faculty associated with the Center's activities should be attached to the proposal. Provide evidence indicating that the director and/or other Center staff members will be able to promote non-programmatic as well as programmatic aspects of the Center, including developing internal and external constituencies and institutionalizing funding for Center activities.
- f. **Benefit to the Institution**: Explain why the institution is willing to commit its resources to the Center. For example, what will be the impact of the Center on the institution's academic/research/professional development programs? How will the proposed Center improve the quality of institutional programs and enhance existing institutional strengths in the Center's area of concentration and related fields? How will the Center impact the institution's community outreach with K-12 schools (university-wide)?
- g. Institutional Commitment: Demonstrate institutional and faculty support of the Center for the five years of State funding. Letters from faculty and administrators in program areas related to the Center's focus supporting the proposed Center may be included. Letters of support from the K-12 partners must be included. Provide evidence that of institutional support beyond the five years of State funding.
- h. **Benefit to K-12 Districts/Schools**: Describe the expected benefit to the partner districts and/or schools and how the research base will support staff efforts to improve low performing districts and schools. Include a description of who will be served.

- i. Identification of Similar and Related Centers: Provide a short description of any similar Centers regionally or nationally and explain how the proposed Center will seek to benefit from other similar centers' experiences. A list of South Carolina Centers of Excellence funded through the Education Improvement Act is attached.
- j. **Collaborative Planning**: Briefly describe the collaborative planning activities that have occurred between the institution and the partner district(s)/school(s) (Agreement form included in **Appendix 1**).
- 4. **Two-Year Time Line**. Include the attached Two-Year Time Line to provide an outline of Center programs and approximate dates for beginning (and concluding, if appropriate) those programs.
- 5. **Budget**: Provide a proposed budget (August 1 through AugustJuly 31), in reasonable detail for the first and second years of operation and less detailed budget estimates for the third through fifth years. Budgets will indicate all anticipated expenditures for equipment, materials, salaries and benefits, and other operating expenses. Proposed salary expenditures should provide sufficient detail to identify the number of professional positions to be filled, the amount of time associated with each, and estimated salary for each position. The budget should demonstrate a funding commitment of six years (one year beyond state funding) either through institutional or external support). **No institutional overhead is allowed**. A complete justification/explanation of funding amounts must accompany the budget summary.

### PROPOSAL SUBMISSION, METHOD OF SELECTION AND OTHER PROCEDURES

Proposals must be submitted in 12 copies (not spiral bound) and one disk/CD-ROM (**Word** or text format, not pdf), must be signed by the chief executive officer of the proposing institution, and must be addressed to the Commission on Higher Education; Dr. Paula Gregg; Centers of Excellence Program (Teacher Education); 1333 Main Street, Suite 200; Columbia, SC 29201. They must be received at the Commission by not later than **5:00 p.m. on February 15**, 2008 2007. The following method of selection and other procedures will be followed:

- 1. Proposals will be reviewed by a panel that includes at least one outside reviewer, representatives from the State Department of Education and the Commission on Higher Education staffs, and at least one representative each from the K-12 and higher education communities.
- 2. Each submitting institution will participate in a review that will include the opportunity to make a brief oral presentation and respond to questions from the review panel. Reviews are approximately one hour in length. The proposed project director and other representatives will be invited <u>and encouraged</u> to participate in the review which will be scheduled soon after receipt of proposals.
- 3. The review panel will forward its recommendations to the Committee on Academic Affairs and Licensing and the Commission on Higher Education.
- 4. Approved programs will be reviewed each year by Commission staff after receipt of the end-ofyear project report to determine progress toward achieving established goals and to review expenditures prior to release of funds for the ensuing year.
- 5. No center will be awarded State funds for more than five consecutive years.
